

TxTag.org FAQ – How to log in to your account

1. Click on **My TxTag Account** on the option bar on the left hand side.
2. For Log In Type, click **Account Number** and enter your account number in the Log In field.
 - a. You can also select **TxTag Number** and enter your full TxTag number, including the alpha characters, as shown on your transponder, starting with TEX.
 - b. You can also select the **User Name** if you have previously set up a user name on your account.
3. Enter your **password** in the Password field. (Your Password is different from the PIN used to manage your account by phone.)
4. Enter the **Security Message** displayed on the screen in the Enter Security Message field.
5. Click the Log In button.
